**\*\*MAKE SURE TO FOLLOW INSTRUCTIONS AND COMPLETE ALL REQUIREMENTS OR YOU WILL NOT RECEIVE ALL POSSIBLE POINTS. \*\***

1. Attend a dance class outside of East High. Make certain the level of the class is appropriate. Pick up a form from Mrs. Siciliano to take with you to the class you attend. Have the instructor of the class sign the form stating that you participated in class. Turn in an evaluation on the class (approx. 1page). For places to attend an outside dance class please see Mrs. Siciliano.
2. Obtain an article about some aspect of dance. After reading the article you must develop at least 10 questions and create a worksheet. You must turn in the worksheet, answer sheet, article, and a half page summary of what you learned from the article.
3. Watch and evaluate a movie that is dance oriented. The movie must be approved by your instructor. Turn in a 1-2 page review of the movie. Your paper must include a short summary of the movie, with the remaining portion of your paper discussing the dancing in the movie. You can discuss the style of dance, the music, the ability of the dancers, the costumes, etc. See other side for a list of pre-approved movies.
4. Attend a dance concert of any level, junior high, high school, college, private studios, etc. and complete an evaluation. Pre-approve the concert with the instructor. Hand in proof of attendance (ticket stub, program, etc) with evaluation. See bulletin board for upcoming concerts.
5. Research an aspect of dance. First, choose an interesting and appropriate topic (an individual, a dance organization, a dance style, etc) and gather information via books, magazines, newspaper, internet, etc. When writing your paper, be sure to have an introduction, body, and conclusion. Include interesting and important information in your paper, as well as what you learned about the topic you chose.
